How To Bind

Bind [KEY] "sm_items;sm_vmenuselect [Num];sm_vmenuselect [Num];sm_vmenuselect [Num]"

- [Num] corresponds to the Number listed to the left side of the Menu Item.

- This works for menus with additional pages, you'd just need to add another ;sm_vmenuselect [Num] for each additional page.

Bind KEY "sm_items; sm_vmenuselect 1; sm_vmenuselect 1;
sm_vmenuselect 1"

- This would allow you to press the KEY you desire to access your inventory and bind a Revolver.

- You could change the second instance of vmenuselect to 3 and it would equip the Crossbow instead.

Bind KEY "sm_items; sm_vmenuselect 5; sm_vmenuselect 1;
sm_vmenuselect 1"
