

# Challenges

## Basic Information

[Challenges](#) (![challenges](#)) add new [challenges](#) for players to complete, with rewards that vary based on the challenge and place you come.

[Challenges](#) are separated into three different sets of [challenges](#), [daily challenges](#), [weekly challenges](#), and [monthly challenges](#).

## Daily Challenges

[Daily Challenges](#) are basic [challenges](#) that have a set amount of things you need to do to complete them.

Every 24 hours [daily challenges](#) are reset even if you haven't completed them.

There are 16 different [daily challenges](#) players can be assigned (20 for cops), each with 2 - 4 levels to be completed, with greater rewards for higher levels completed.

[Daily challenges](#) can be rerolled for \$10,000, this will assign you a new challenge in place of the one you rerolled and reset your progress on it.

## List of Daily Challenges

- Marijuana I - IV: Complete by harvesting drug plants at 300g (stealing other players plants will not count).
- Robbery I - IV: Complete by successfully robbing NPC's.
- Printing I - IV: Complete by taking money from your printer.

- Confiscation I - II: Complete by successfully drug searching rebels. (Cop Only)
- Bribery I - II: Complete by accepting bribes (Cop Only)

## Weekly & Monthly Challenges

Both [weekly](#) and [monthly challenges](#) are very similar with the only differences being which [challenges](#) they can be assigned, the timeframe in which they take place and the rewards that they give.

All of the [challenges](#) here do not have a specific endpoint, you must compete against other players to get the highest score in each challenge.

The top three players with the highest score will receive rewards when the [challenges](#) end, !claimrewards can be used to receive rewards if you are not on the server when the [challenges](#) end.

## List of Weekly Challenges

- Capitalism: Gain progress by spending money at vendors.

## Rewards

Rewards given from [challenges](#) are varied and contain items that cannot be obtained anywhere else.

Every [daily](#) challenge has a set reward that usually correlates to the challenge in some way, with higher levels incrementally giving a larger amount of money and items from the challenge.

There are three winners for every [weekly](#) and [monthly](#) challenge with diminishing rewards for each winner beyond first place.
